

# FLIP PHONE

## Users Manual

### Front Open

### Front Closed

### Key Functions

#### Front

**Earpiece** Lets you hear the caller and automated prompts.

**Main Screen** Displays all the information needed to operate your phone, such as the call status, the Contacts list, the date and time, and the signal and battery strength.

**Left/Right soft keys** (☐/☐) let you select key actions or menu items corresponding to the bottom left and right lines on the main screen while the phone is open.

**Navigation Key** Lets you scroll through the phone's menu options.

**Center Soft Key** (☐) Lets you select key actions or menu items corresponding to the bottom center lines on the main screen.

**Camera/Speaker Key** (📷) Lets you activate the camera mode and take pictures with the phone open. When you receive an incoming call, press to answer the call in speakerphone mode. During a call, press to switch the speakerphone on or off.

**SEND Key** (SEND) Allows you to place or receive calls, answer Call Waiting, use Conference Calling, or display recent call history.

**Microphone** Transmits your voice and ambient sound during voice calls and voice recordings.

**Keypad** Lets you enter numbers, letters, and characters, and perform functions.

**CLEAR/Back Key** (CLR) Deletes characters from the display in text input mode. When in a menu, pressing it returns you to the previous menu. This key also allows you to return to the previous screen in a data session.

**END/POWER Key** (END) Lets you turn the phone on or off, end a call, or cancel your input and return to the Idle screen.

**Voice Commands Key** (V) Allows you to activate Voice Commands.

**Camera** Lets you take pictures.

**Volume Key** Allows you to adjust the master volume when you are not on a call or adjust the voice volume during a call.

**LED Indicator** Displays a phone notification, charging status, or alert. It blinks when your phone's battery level is low.

**Outer Screen** Displays the information such as the call status, the date and time, and the signal and battery strength.

**Internal Microphone** Suppresses background noise improving audio quality for the other party during voice calls except in speakerphone mode.

**Headset Jack** Allows you to plug in an optional headset for convenient, hands-free conversations.

**microSD Card Slot (internal)** Allows you to insert a microSD card to support external memory. The microSD compartment is behind the battery cover.

**SIM Card Slot (internal)** Allows you to insert a SIM card. The SIM compartment is behind the battery cover.

**Speaker** Lets you hear the different ringtones and sounds. The speaker also lets you hear the caller's voice in speakerphone mode.

**USB/Charger Port** Allows you to connect the phone and the USB cable for use with the charger adapter or other compatible accessories.

### Getting Started
